AUTHOR AND TITLE INDEX TO VOLUME 60

In this Index in alphabetical order are the names of the authors of all articles and the presenters of cases in Society Transactions, followed by the title of the article or case presented and the page numbers on which their articles or cases begin. The asterisk (*) preceding the page number indicates an original article, case report, review article, special article, or scientific exhibit.

For Subject Index see page [5].

A

Adams, R. A.: See Meredith, J. M., jt. auth.

Adams, R. G.: See Wulff, V. J., jt. auth.

Almeda, E.: See Foster, J. B. T., jt. auth.

Alpern, M.: Vergence and accommodation: I. can change in size induce vergence movements? *355

Vergence and accommodation: II. is accommodative vergence related merely to accommodation stimulus? *358

Ellen, P., and Goldsmith, R. I.: Electrical response of human eye to far-to-near accommodation, *592

Armaly, M. F., and Burian, H. M.: Changes in tonogram during accommodation, *60

B

Balian, J. V.: See Schimek, R. A., jt. auth.

Barsky, D., and Schimek, R. A.: Evaluation of absorbable gelatin film (Gelfilm) in cyclodialysis clefts: part I, *1044

Bartley, S. H.: Some facts and concepts regarding neurophysiology of optic pathway, *775

Basar, D.: See Jacobson, J. H., jt. auth.

Battersby, W. S.: See Bender, M. B., jt. auth.

Baum, G., and Greenwood, I.: Application of ultrasonic locating techniques to ophthalmology: II. ultrasonic slit lamp in ultrasonic visualization of soft tissues, *263

Beaudreau, O.: See Harris, J. E., jt. auth.

Becker, B.: Glaucoma, 1957-1958, *1112

Bender, M. B., and Battersby, W. S.: Homonymous macular scotomata in cases of occipital lobe tumor, *928

Berens, C.: Special pins and forceps for retinal detachment surgery, 498

Bettmen, J. W.; Fellows, V.; Chao, P., and Johnson, J. P.: Effect of tonography and other pressures on intraocular blood volume, *230

Bleeker, G. M., and Maas, E. H.: Penetration of penethamate, a penicillin ester, into tissues of eye, *1013

Boynton, R. M.: On-responses in human visual system as inferred from psychophysical studies of rapid-adaptation, *800

Bradshaw, J. P. P.: See Sheehan, B., jt. auth.

Brenner, I.: Simple device to determine angle of corneal astigmatism, 504

Brockhurst, R. J.: See Schepens, C. L., jt. auth.

Schepens, C. L., and Okamura, I. D.: Scleral buckling procedures: III. technical difficulties of reoperations, *1003

Burian, H. M.: See Armaly, M. F., jt. auth.

and Fletcher, M. C.: Visual functions in patients with retinal pigmentary degeneration following use of NP 207, *612

Bussey, J. L.: See Shafer, D. M., jt. auth.

Butler, R. G.: See Wolter, J. R., jt. auth.

Buxeda, R.: Use of Piromen in ophthalmology, 319

C

Calhoun, F. P., Jr.: See Manchester, P. T., Jr., jt. auth.

Calkins, L. L.: Corneal epithelial changes occurring during chloroquine (Aralen) therapy, *981

See Lemoine, A. N., Jr., jt. auth.

Chandler, P. A.: Problems in diagnosis and treatment of lens-induced uveitis and glaucoma, *828

Chao, P.: See Bettman, J. W., jt. auth.

Choi, C. S.: Penetration of pyrimethamine (Daraprim) into ocular tissues of rabbits, *603

Clark, G.: Importance and employment of diathermy in retinal detachment surgery of today, *251

Cleasby, G. W.: Malignant melanoma of iris, *403

Cogan, D. G.: See Reinecke, R. D., jt. auth.

Kuwabara, T.; Richardson, E. P., and Lyon, G.: Histochemistry of eye in metachromatic leukoencephalopathy, *397

Kuwabara, T.; Silbert, J.; Kern, H.; McMurray, V., and Hurlbut, C.: Calcium oxalate and calcium phosphate crystals in detached retinas, *366

Cohan, B. E.: Radiography of aqueous humor outflow, *110

D

deCarvalho, C. A.: Changes of blood-aqueous barrier in rabbits as result of tonography, *25

Dewig, E.: See Gunter, R., jt. auth.

Dische, Z.: Physiological chemistry of eye: review of papers published during 1957, *632

Donaldson, D. D.: Binocular indirect ophthalmoscope with upright fundus image, 499

Donnell, G. N.: See Wilson, W. A., jt. auth.

Duke, J. R., and Kennedy, J. J.: Metastatic carcinoma of iris and ciliary body, *1092

Dunnington, J. H., and Smelser, G. K.: Incorporation of S^{35} in healing wounds in normal and devitalized corneas, *116

Durham, D. G.: Congenital hereditary Horner's syndrome, *939

E

Ellen, P.: See Alpern, M., jt. auth.

Ellis, L. J., Jr.: See Lieb, W. A., jt. auth.

Ellis, P. P.: See Richards, R. D., jt. auth.

Epstein, S., and McCormick, G. L.: Conjunctivitis due to neomycin sensitivity, *1000

Essex, H. E.: See Glew, W. B., jt. auth.

F

Fellows, V.: See Bettman, J. W., jt. auth.

Fisher, E. R.: See Senita, G. R.: jt. auth.

Fletcher, M. C.: See Burian, H. M., jt. auth.

Forrest, A. W.: See Reese, A. B., jt. auth.

Foster, J. B. T.; Almeda, E.; Littman, M. L., and Wilson, M. E.: Some intraocular and conjunctival effects of amphotericin B in man and in rabbit, *555

Francois, J.: New syndrome: dyscephalia with bird face and dental anomalies, nanism, hypotrichosis, cutaneous atrophy, microphthalmia, and congenital cataract, *842

G

Gaines, T. R.: Fiberglas in eye, *941

Garland, M. A., and Singer, R. L.: Posterior embryotoxon associated with slit-like pupil and corectopia: report of interesting case, *1104

Gavin, M. A.: See Wanko, T., jt. auth.

Gestring, G. F.: See Jacobson, J. H., jt. auth.

Glew, W. B.; Kearns, T. P.; Rucker, C. W., and Essex, H. E.: Experimental production of papilledema, *1074

Goeller, J.: See Goodstein, S., jt. auth.

Goldsmith, R. I.: See Alpern, M., jt. auth.

Gonzales-Jimenez, E. M., and Leopold, I. H.: Effect of dichlorphenamide on intraocular pressure of humans, *427

Effect of chlorothiazide (Diuril) on intraocular pressure of animals and humans: preliminary report, *76

Goodstein, S., and Goeller, J.: Simplified method of stereophotography of eye, 630

Graham, C. H., and Hsia, Y.: Color blindness and color theory: some discriminations of normal and dichromatic subjects including a unilaterally color-blind person, *792

Grant, W. M.: Further studies on facility of flow through trabecular meshwork, *523

Ophthalmic pharmacology and toxicology, *324

Greenwood, I.: See Baum, G., jt. auth.

Grimes, P. A.: See Macri, F. J., jt. auth.

Guerry, D., III: See Lieb, W. A., jt. auth.

Gundersen, T.: Conjunctival flaps in treatment of corneal disease with reference to new technique of application, *880

Gunter, R.; Dewig, E., and Mills, K. S.: Some effects of diathermy currents on eye tissue, *437

H

Hahn, K. A.: See Moses, R. A., jt. auth.

Harriman, D. G. F.: See Sheehan, B., jt. auth.

Harris, J. E.; Rowell, P. P., and Beaudreau, O.: Adaptation of Virac, new iodophore, to clinical use, *206

SUBJECT INDEX TO VOLUME 60

The following Index contains an alphabetical list of significant subjects presented in this volume. Books reviewed are indexed alphabetically by title under the heading "Books." Obituaries and death notices are indexed under the heading "Deaths." Society transactions are listed under that heading, with individual papers indexed under appropriate headings. The asterisk (*) preceding the page number indicates an original article, case report, review article, special article or scientific exhibit.

A

Accommodation
changes in tonogram during [Armaly & Burian], *60
far-to-near: electrical response of human eye in [Alpern et al.], *592
vergence and: influence of target-size [Alpern], *355
vergence and: relation of accommodative vergence to accommodative stimuli [Alpern], *358

Acetazolamide (Diamox)
toxicity due to [Turtz & Turtz], *130

Adaptation
rapid: on-responses in human visual system inferred from [Boynton], *800

Amblyopia
hysterical: selective perception and autonomic response [Kent & Schlaegel], *450

American Academy of Ophthalmology and Otolaryngology
home study courses in basic sciences, 173

American Medical Association
Section on Ophthalmology: call for papers, 971
Section on Ophthalmology: scientific session, 686, 1151

American Ophthalmological Society
election of officers, 686

Amphotericin B
intraocular and conjunctival effects [Foster et al.], *555
nystatin and: effect on Candida albicans infections of cornea [Montana & Sery], *1

Amyloidosis
familial, primary [Kaufman], *1086

Annual Reviews
glaucoma, 1957-1958 [Becker], *1112
neuro-ophthalmology [Lyle], *950
ophthalmic pharmacology and toxicology [Grant], *324
orbit: review of literature for 1957 [Lemoine], *506
physiological chemistry of eye: review of papers published during 1937 [Dischel], *632
strabismus: review of literature for 1957 [Parks], *129

Anterior chamber
epithelial invasion [Regan], *907

Antibiotics
in ophthalmologic practice: annual review of literature on [Becker], 334

Apparatus
binocular indirect ophthalmoscope with upright fundus image [Donaldson], 499
corneoscleral suturing forceps [Thomas], 1169
device to determine angle of corneal astigmatism [Brenner], 504
enucleation scissors [Smart], 1110
precision light source for electroretinography [Jacobson], 137

Apparatus—continued
Schepens binocular indirect ophthalmoscope: use in operations [Ross], 947
special pins and forceps for retinal detachment surgery [Berens], 498

Appointments
Fair, John B., 686
Girard, Louis J., 351
Walsh, Frank, 351

Aqueous humor
dynamics: effects of superior cervical ganglionectomy on [Lieb et al.], *31
facility of flow through trabecular meshwork [Grant], *523
facility of outflow: annual review of literature, 1957-1958 [Becker], 1112
formation: annual review of literature [Becker], 1119
outflow: application of Poiseuille's law [McEwen], *290
outflow: radiography of [Cohan], *110

Aralen: See Chloroquine

Association for Research in Ophthalmology, Inc.
eastern section meeting, 517, 972
Friedenwald Lectureship, 174
future meetings, 973

Astigmatism
corneal: device to determine angle [Brenner], 504

B

Blepharoconjunctivitis
angular, and pyridoxine deficiency [Irinoda & Hirosaki], *303

Blindness: See also Color blindness
cortical, with partial recovery, following acute cerebral anoxia [Hoyt & Walsh], *1061

Blood
sugar: cataracts in galactosemia [Wilson & Donnell], *215
types: corneal donor selection by [Havener et al.], *443
volume, intraocular: effect of tonography and other pressures on [Bettman et al.], *230

Books
Blutkreislauf der Netzhaut [Thuransky], 353
Causes of Acquired Myopia [Sato], 353
Cerebrospinal Fluid: Production, Circulation, and Absorption. Ciba Foundation symposium [Wolstenholme & O'Connor, eds.], 979
Concepts of Classical Optics [Strong], 979
Embryologie de l'œil et sa teratologie [Dejian et al.], 1152
Istopatologia del tracoma [Scuderi], 522
Nursing in Diseases of Eye, Nose, and Throat [Bellucci et al.], 353
Ophthalmic Plastic Surgery. Ed. 2 [Fox], 977
Optical Aids for Low Acuity [Stimson], 522
Psychosomatic Ophthalmology [Schlaegel], 977
Science of Skin and Scuba Diving: Adventuring with Safety Under Water (Project of Conference for National Cooperation in Aquatics), 354

Books—continued
Transactions of Pacific Coast Oto-Ophthalmological Society. Vol. 38, 352
Traquair's Clinical Perimetry. Ed. 7 [Scott], 353
UFAW Handbook on Care and Management of Laboratory Animals. Ed. 2 [Worden & Lane-Petter, eds.], 980
War Blinded Veterans in Post War Setting [Bledsoe, ed.], 977
Year Book of Ophthalmology (1957-1958 Year Book Series) [Vail, ed.], 352

Brain
anoxia, acute, from cardiac arrest: cortical blindness following [Hoyt & Walsh], *1061
occipital lobe: homonymous scotomata in cases of tumor [Bender & Battersby], *928
white matter: histochemistry of eye in metachromatic leukoencephalopathy [Cogan et al.], *397

Brooklyn Eye and Ear Hospital
seminar on glaucoma, 686

C

Calcium
oxalate crystals within ocular tissues [Zimmerman & Johnson], *372
oxalate and phosphate crystals in detached retinas [Cogan et al.], *366

Canadian Ophthalmological Society
motor drivers vision committee: recommendations, 971

Carbonic anhydrase inhibitors: See Acetalamide; Dichlorphenamide

Carcinoma
metastatic, of iris and ciliary body [Duke & Kennedy], *1092
metastatic, of retina [Johnson et al.], *12

Cataract
with congenital ichthyosis [Pinkerton], *393
congenital: new syndrome involving [Francois], *342
in galactosemia [Wilson & Donnell], *215
uveitis and glaucoma due to: diagnosis and treatment [Chandler], *828

Chloroquine
corneal epithelial changes during therapy [Calkins], *981

Chlorothiazide (Diuril)
effect on intraocular pressure [Gonzales-Jimenez & Leopold], *70

Cholesteatoma
unilateral, of cerebellopontine angle: spontaneous rotary nystagmus with [Meredith & Adams], *485

Choroid
histopathologic processes in, modifying clinical appearance of macular diseases [Klien], *175

Ciliary body
iris and: metastatic carcinoma [Duke & Kennedy], *1092

Color blindness
and color theory [Graham & Hsia], *792

Color slides: See under Photography

Conjunctiva: See also Blepharoconjunctivitis
effects of amphotericin B [Foster et al.], *555
flaps from, in treatment of corneal disease [Gundersen], *880

Cornea
diseases: conjunctival flaps in treatment [Gundersen], *880
epithelial changes during chloroquine therapy [Calkins], *981

Cornea—continued
infections of, due to Candida albicans: effect of fungistatic agents on [Montana & Sery], *1
pharmacologic influences on: annual review of literature on [Becker], 336
physiological chemistry [Dische], 632
suturing forceps [Thomas], 1109
transplantation: selection of donor by blood type [Havener et al.], *443
wounds: incorporation of S^{35} in, during healing [Dunnington & Smelser], *116
wounds: sources of fibroplasts in repair of [Weimar], *93

Correspondence
agenesis of medial rectus muscle [Seretan], 351
agenesis of medial rectus muscle: correction of case by transplantation [Hill; Girard], 521
ocular manifestations of Riley-Day syndrome: familial autonomic dysfunction [Rambo], 964; [Liebman], 965
ophthalmologists' responsibilities to patients with permanent visual handicaps [Clark], 171

Cyclodialysis
clefts: evaluation of absorbable gelatin film in [Barsky & Schimek], *1044

Cycloplegia
mydriatic and cycloplegic drugs: annual review of literature on [Becker], 330

D

Daraprim: See Pyrimethamine

Deaths
Post, Lawrence V., 967
Sitchevska, Olga, 970
Zentmayer, William, 518

Diamox: See Acetazolamide

Diathermy
effect of currents on eye tissue [Gunter et al.], *437
in retinal detachment surgery [Clark], *251
or scleral resection for retinal detachment [Wadsworth], *258

Dichlorphenamide
effect on intraocular pressure of humans [Gonzales-Jimenez & Leopold], *427
evaluation as ocular hypotensive agent [Schimek et al.], *1053

Diuril: See Chlorothiazide

Divergence: See under Vergence

E

Electroretinography
centrifugal influence on [Jacobson & Gestring], *295
electroretinogram, human [Riggs], *739
precision light source for [Jacobson], 137

Epinephrine
phenylephrine and: influence on intraocular pressure [Lee], *863

Epithelium
invasion of anterior chamber [Regan], *907

Eye Bank and Sight Conservation Society of Virginia
asks affiliation with National Eye Bank, 971

Eyes
calcium oxalate crystals in ocular tissues [Zimmerman & Johnson], *372
diseases: experimental toxoplasmosis [Hogan et al.], *448
effects of diathermy on eye tissue [Gunter et al.], *437

Eyes—continued
electrical responses in far-to-near accommodation [Alpern et al.], *592
elastic properties [Macri et al.], *1021
enucleation scissors [Smart], 1110
examination: influence of target-size on vergence and accommodation [Alpern], *355
examination: rule of 7 or 14 thirds [Nabbath], *534
examination: slit-lamp examination of fundus [Pischel], *811
histochemistry, in metachromatic leukoencephalopathy [Cogan et al.], *397
human: recovery of Toxoplasma from [Hogan et al.], *548
intraocular tissues: penetration of penethamate into [Bleeker & Maas], *1013
motility: annual review of literature [Lyle], 956
muscles: See also Ophthalmoplegia
muscles: agenesis of medical rectus muscle [correspondence], 351, 521
muscles: isolated cyclovertical muscle palsy [Parks], *1027
pressure: intraocular: annual review of literature on cerebral influence on [Lyle], 959
pressure, intraocular: annual review of literature on influence of drugs on [Becker], 324
pressure, intraocular: effect of chlorothiazide on [Gonzales-Jimenez & Leopold], *70
pressure, intraocular: evaluation of dichlorphenamide as hypotensive agent [Schimek et al.], *1053
pressure, intraocular: effect of dichlorphenamide [Gonzales-Jimenez & Leopold], *427
pressure, intraocular: influence of drugs [Grant], 324
pressure, intraocular: influence of epinephrine and phenylephrine [Lee], *863
pressure, intraocular: nervous control of [Perkins], 172
pressure, intraocular: ocular rigidity in tonometer calibration [McBain], *1080
tissues, ocular: penetration of pyrimethamine into [Choi], *603

F

Fiberglas
intraocular foreign body [Gaines], *941

Flicker
frequency, critical, photochemical mechanisms, and perceptual responses [Peckham & Hart], *461

Frick, George
factors influencing early 19th century ophthalmology [Tower], *989

G

Galactosemia: See under Blood, sugar

Ganglionectomy: See Nervous system, sympathetic

Gelatin
film, absorbable: evaluation in cyclodialysis clefts [Barsky & Schimek], *1044

Gelfilm: See Gelatin, film, absorbable

Glaucoma: See also Cyclodialysis
annual review of literature, 1957-1958 [Becker], *1112
uveitis and, lens-induced: diagnosis and treatment [Chandler], *828
seminar on (Brooklyn Eye and Ear Hospital), 686

H

Heart
arrest, cardiac: cortical blindness with partial recovery following acute cerebral anoxia due to [Hoyt & Walsh], *1061
block, complete, retinitis pigmentosa, and external ophthalmoplegia [Kearns & Sayre], *280

Hemangiopericytoma: See under Orbit

Hemorrhage
subdural and subarachnoid, in young children: ocular signs and prognosis [Hollenhorst & Stein], *187

Hormones
variations in hyaluronic acid in rabbit vitreous body following treatment with [Larsen], *815

Horner's syndrome
congenital hereditary [Durham], *939

Hyaluronic acid
variations in rabbit vitreous body following hormone treatment [Larsen], *813

I

Ichthyosis
congenital: cataract associated with [Pinkerton], *393

Illumination
International Lighting Vocabulary, 350

Institute of Ophthalmology of the Americas: See also New York Eye and Ear Infirmary
special lecture series, 972

International Lighting Vocabulary, 350

Intraocular pressure: See Eyes, pressure, intraocular

Iodine
Virac: adaptation to clinical use [Harris et al.], *206

Iridectomy
primary tumors of iris treated by: prognosis [Rones & Zimmerman], *193

Iris
and ciliary body: metastatic carcinoma [Duke & Kennedy], *1092
human, adult: cultivation in vitro [Tenenbaum & Kornblueth], *312
melanoma, malignant, of [Cleasby], *403
and retina: photocoagulation [McDonald & Light], *384
tumors, primary, treated by iridectomy: prognosis [Rones & Zimmerman], *193

L

Lacrimal apparatus
lacrimal gland, aberrant [Mettier], *488

Lectures
Institute of Ophthalmology of the Americas, 972
Schoenberg Memorial, 973

Lens, crystalline
epithelium: fine structure [Wanko & Gavin], *868
physiological chemistry [Dische], 654
subluxation following detachment surgery [Richards & Ellis], *472
uveitis and glaucoma induced by substances from: diagnosis and treatment [Chandler], *828

Leukoencephalopathy: See Brain, white matter

Limulus
inhibitory interaction among receptor units (ommatidia) of eye of [Hartline], *734

M

Macula lutea
diseases: basic histopathologic processes in retina, pigment epithelium, and choroid modifying clinical appearance [Klien], *175

Marfan's syndrome
ocular manifestations: inheritance in 4 generations [Watzke], *492

Melanoma
malignant, intraocular, unsuspected [Makley & Teed], *475
malignant, of iris [Cleasby], *403

Microphthalmia
new syndrome involving [Francois], *842

Motor vehicles
drivers: recommendations concerning vision of, by Canadian Ophthalmological Society, 971

Mycostatin: See Nystatin

Mydriasis
mydriatic and cycloplegic drugs: annual review of literature on [Becker], 330

N

Neo-Synephrine: See Phenylephrine

Nervous system
sympathetic: effects of superior cervical ganglionectomy on aqueous humor dynamics [Lieb et al.], *31

Neurosurgery
neurosurgeon's role in acute visual failure [Uihlein & Rucker], *223

New Orleans Academy of Ophthalmology
ninth annual meeting, 971, 1151

New York Eye and Ear Infirmary
alumni association: annual spring meeting, 972
Intitute of Ophthalmology of the Americas: postgraduate courses for specialists, 173

News and Comment, 173, 350, 517, 686, 971, 1151

North Carolina Eye, Ear, Nose and Throat Society
joint meeting with South Carolina Society of Ophthalmology and Otolaryngology, 350

NP 207 (3-chloro-10-[2-N-(methylpiperidyl) ethyl] phenothiazine)
visual functions following use [Burian & Fletcher], *612

Nystagmus
annual review of literature [Lyle], 957
ictary, spontaneous, in unilateral cholesteatoma of cerebellopontine angle [Meredith & Adams], *485

Nystatin
and amphotericin B: effect on Candida albicans infections of cornea [Montana & Sery], *1

O

Oestrus ovis
ocular myiasis caused by [Pittenger], *1107

Ohio State University
course for orthoptic technicians, 173
orthoptic training course, 350

Ophthalmology
history: George Frick; factors influencing early 19th century ophthalmology [Tower], *989

Ophthalmoplegia
external, dystrophic, progressive, following trauma [Senita & Fisher], *422
external, retinitis pigmentosa, and complete heart block [Kearns & Sayre], *280

Optic nerve: See also Optic pathway: Optic tract
annual review of literature on [Lyle], 950
atrophy, dominant hereditary, with bitemporal field defects [Manchester & Calhoun], *479

Optic pathway
neurophysiology [Bartley], *775

Optic tract
lesions: annual review of literature [Lyle], 955

Orbit
annual review [Lemoine], *506
hemagiopericytoma [Spaeth & Valdes-Dapena], *1071
and middle cranial fossa: annual review of literature [Lyle], 952

Orthoptics
training course for technicians, 173, 350

P

Palsy: See Eyes, muscles

Papilledema
production, experimental [Glew et al.], *1074

Penethamate
penetration into intraocular tissues [Bleeker & Maas], *1013

Pharmacology
and toxicology, ophthalmic: annual review [Grant], *324

Phenylephrine
epinephrine and: influence on intraocular pressure [Lee], *863

Photography
composite mounting of 35 mm. color transparencies [Smialowski & Vaile], 321
stereophotography: dual-exposure, of retina [Norton & Sullivan], *455
stereophotography of eye: simplified method [Goodstein & Goeller], 630

Piromen
use in ophthalmology [Buxeda], 319

Poiseuille's law
application to aqueous outflow [McEwen], *290

Polyarteritis nodosa
case with ophthalmic and neurological complications [Sheehan et al.], *537

Postgraduate education
Mary Putnam Jacobi fellowship, 972
New York Eye and Ear Infirmary: postgraduate courses for specialists, 173
New York University Postgraduate Medical School: courses in ophthalmic surgery, 974
State University of New York Upstate Medical Center at Syracuse: postgraduate course in ophthalmology, 974
Washington (D. C.) Hospital Center: ophthalmology research center, 173
Washington University: course in eye pathology, 173

Pressure, intraocular: See Eyes, pressure, intraocular

Pyridoxine: See Vitamins, B_6

Pyrimethamine
penetration into ocular tissues of rabbits [Choi], *603

R

Radiography
of aqueous humor outflow [Cohan], *110

Retina: See also Retinography
blood supply: influence of drugs on: annual review of literature [Becker], 333
carcinoma, metastatic [Kennedy et al.], *12
degeneration, pigmentary, following use of NP 207: visual functions in patients with [Burian & Fletcher], *612

Retina—continued
degeneration, pigmentary: retinitis pigmentosa, external ophthalmoplegia, and complete heart block [Kearns & Sayre], 280
detached: calcium oxalate and calcium phosphate crystals in [Cogan et al.], *366
detachment: diathermy or scleral resection for [Wadsworth], *258
detachment: importance and employment of diathermy in [Clark], *251
detachment: old versus new surgery for [Henderson], *249
detachment, old: vitreous implants [Shafer & Bussey], *255
detachment: scleral enfolding technique for treatment [Shipman], *247
detachment: special pins and forceps for surgery for [Berens], 498
histopathologic processes in, modifying clinical appearance of macular diseases [Klien], *175
human: electrical responses of excised retina [Jacobson et al.], *23
iris and: photocoagulation [McDonald & Light], *284
physiological chemistry [Dische], 670
retinopathy, angiospastic: histopathological study of star-figure of macular area in [Wolter et al.], *49
stereophotography, dual-exposure, of [Norton & Sullivan], *455

Retinitis pigmentosa: See Retina, degeneration, pigmentary

Retinoblastoma
treatment by x-rays and triethylene melamine [Reese et al.], *897

Retinography
electroretinogram: character of b-wave [Johnson], *565
electroretinography, clinical: indications [Karpe], *889

Retinopathy: See under Retina

Rhodopsin: See under Visual pigments

S

S^{35}: See Sulfur, radioactive

Schepens binocular indirect ophthalmoscope
use in operations [Ross], 947

Sclera
buckling: technical difficulties of reoperations Brockhurst et al.], *1003
buckling procedures: technical difficulties of primary operations [Schepens et al.], *84
enfolding technique for treatment of retinal detachment [Shipman], *247
imbrication technique [Lemoine et al.], *237
resection or diathermy for retinal detachment [Wadsworth], *258
shortening: overlapping technique to produce scleral fold [Hughes], 502
suturing forceps [Thomas], 1109

Slit lamp
examination of fundus [Pischel], *811
ultrasonic, in visualization of soft tissues [Baum & Greenwood], *263

Societe francaise d'ophthalmologie
65th yearly meeting, 974

Society News
American Ophthalmological Society: election of officers, 686
Association for Research in Ophthalmology, Inc., eastern section, 517
Association for Research in Ophthalmology, Inc., eastern section, 972
Association for Research in Ophthalmology, Inc., future meetings, 973

Society News—continued

Societe francaise d'ophthalmologie, 974
South Carolina Society of Ophthalmology and Otolaryngology, 350
Spanish-American Ophthalmology Society, 351

Society Transactions
College of Physicians of Philadelphia, Section on Ophthalmology, 172

South Carolina Society of Ophthalmology and Otolaryngology
joint meeting with North Carolina Eye, Ear, Nose and Throat Society, 350

Stanford University
course on causes of failure in intraocular surgery, 517
postgraduate stabismus conference, 351

Stereophotography: See under Photography

Strabismus
Stanford postgraduate strabismus conference, 351

Sulfur
radioactive: incorporation of, in healing wounds in normal and devitalized cornea [Dunnington & Smelser], *116

Symposium on visual mechanism
papers presented, 687-810

T

Thyroid
diseases: exophthalmos [Lemoine], 510

Tonography
changes of blood-aqueous barrier in rabbits resulting from [de Carvalho], *25
changes in tonogram during accommodation [Armaly & Burian], *60
and other pressures: effect on intraocular blood volume [Bettman et al.], *230

Tonometer (Schiotz)
effect of footplate hole on scale reading [Moses & Hahn], *36

Tonometry
ocular rigidity in tonometer calibration [McBain], *1080

Toxicology
ophthalmic: annual review of literature on [Becker], 337
pharmacology and, ophthalmic: annual review [Grant], 324

Toxoplasma
recovery from human eye [Hogan et al.], *548

Toxoplasmosis
ocular, experimental [Hogan et al.], *448

Trabecular meshwork
facility of flow through [Grant], *523

Triethylene melamine
combined with x-rays in treatment of retinoblastoma [Reese et al.], *897

U

Ultrasonic vibrations
application of locating techniques to ophthalmology [Baum & Greenwood], *263

Uvea
blood supply: influence of drugs on; annual review of literature [Becker], 333

Uveitis
and glaucoma, lens-induced: diagnosis and treatment [Chandler], *828

V

Vergence
and accommodation: influence of target size [Alpern], *355
and accommodation: relation of accommodative vergence to accommodative stimuli [Alpern], *358
divergence excess: observations [Johnson], *7

Virac: See under Iodine

Vision: See also Visual cells; Visual system
acuity: standardization of measurements [Reinecke & Cogan], *418
failure, acute: neurosurgeon's role [Uihlein & Rucker], *223
stereoscopic: present knowledge [Ogle], *755
symposium on visual mechanism, 687-810
visual functions in patients with retinal pigmentary degeneration following use of NP 207 [Burian & Fletcher], *612

Visual cells
differentiation, metabolic organization, and viability [Noell], *702

Visual fields
annual review of literature [Lyle], 955
defects, bitemporal: dominant hereditary optic atrophy with [Manchester & Calhoun], *479
examinations: multiple targets with tangent screen [Zeller], *826
homonymous: macular scotomata in cases of occipital lobe tumor [Bender & Battersby], *928

Visual pigments
rhodopsin: behavior of flash-illuminated, in solution [Wulff et al.], *695
rhodopsin: lipoprotein nature [Krinsky], *688

Visual system
human: on-responses inferred from psychophysical studies of rapid adaptation [Boynton], *800
vascular affections: annual review of literature [Lyle], 953

Vitamins
A: eye manifestations of chronic intoxication [Oliver & Havener], *19
B: Blepharoconjunctivitis and deficiency of [Irinoda & Hirosaki], *363

Vitreous
implants in old retinal detachments [Shafer & Bussey], *255
intravitreal parasite [Mishra], *945
physiological chemistry [Dische], 666
rabbit: variations in hyaluronic acid following hormone treatment [Larsen], *815
self-sterilizing property [Reed], *361

W

Washington (D. C.) Hospital Center
ophthalmology research fellowship, 173

Washington University (St. Louis)
course in eye pathology, 173

X

X-rays
combined with triethylene melamine in treatment of retinoblastoma [Reese et al.], *897
